

Senior leaders interactive roundtable with international ports and supply chain experts.

> **Brisbane**
Mon Oct 29
9.30am-1pm

PORT OFFICE
3 Port Central Avenue,
Port of Brisbane

Light lunch from 1pm.

- HOW WILL THE LARGEST U.S. PORT HANDLE A TRIPLING OF CONTAINER VOLUMES IN THE NEXT 20 YEARS?
- HOW IS LA PLANNING TO MANAGE UP TO 95,000 TRUCK MOVEMENTS A DAY?
- HOW CAN NEW TECHNOLOGY IMPROVE REAL-TIME INFORMATION ON TRAFFIC AND PORT GATE DELAYS?
- HOW IS ONE STRATEGY MAKING EUROPEAN LOGISTICS 'LEANER AND GREENER' AT THE SAME TIME?
- WHY ARE DUTCH LOCAL GOVERNMENTS SELECTIVELY ENCOURAGING FREIGHT TO BE DELIVERED DURING CURFEW HOURS?
- DISCOVER HOW TO INCREASE PRODUCTIVITY AND PROFITABILITY UTILISING EXISTING INFRASTRUCTURE WHILST SIMULTANEOUSLY REDUCING CO₂ EMISSIONS BY 20%

The National Ports Strategy has been signed-off by COAG. The NTC is hosting a series of interactive invite-only roundtable forums with international port and supply chain experts to promote cohesion across port supply chains and improve productivity and practice.

Outcomes from each forum – in Melbourne, Sydney, Brisbane and Fremantle – will help shape the National Ports Strategy and other key industry strategies.

So come listen, discover and have your say about how we can work together to manage a doubling of freight movements through Australian ports in the next 20 years.

Places are allocated as registrations are received. To register, contact Daniel Craven via dcraven@ntc.gov.au or (03) 9236 5000

SPEAKERS

Jerry Wood

Jerry Wood is a Civil Engineer with 25 years experience in many Southern California transport projects, including managing multi-billion dollar freeway improvement projects, multiple-agency reviews, and designing freeway interchanges and arterial highways. He is Director of Transportation and Engineering for the Gateway Cities Council of Governments, representing 27 cities, the Port of Long Beach and 2 million residents.
